CELEBRATING STUDENT SUCCESSES

PERFECT PAVLOVAS

GCSE Food Preparation & Nutrition students learnt how to make mini pavlovas from scratch, practising their skills of separating eggs, whisking, piping and where time allowed – decorating. This elegant dessert is high skill at GCSE level and one to definitely master. Perhaps one to practise again at home for a special occasion. Well done Year 10.

YEAR 10 GET CREATIVE WITH FOCACCIA

Year 10 have been revisiting their bread making skills by creating a decorated Italian focaccia.

They used fresh herbs and vegetables to decorate this delicious bake which hopefully tastes as good as it looks!

YEAR 8 SHORT CRUST PASTRY

Year 8 Food Studies students worked hard this week by making shortcrust pastry for the first time. There were no soggy bottoms in their delicious lemon tarts or mini quiche!

YEAR 12 WORK EXPERIENCE

Year 12 spent last week on Work experience in a variety of placements from Sport4all school coaching, Aston Martin and dental nursing. Staff visited students and the feedback was overwhelmingly positive. Two students based at Sport4all had impressed their supervisor so much they wanted to offer them an apprenticeship!

One of the students based in a primary school surprised the reception class teacher with their calm, unflappable delivery of story time to the students and another had found something they felt they might want to pursue as a career in surveying after feeling unsure of their future prior to work experience.

The skills students have learnt through interaction with new people, managing their time and taking on responsibility will serve them well as they think about writing their next steps application. Well done everyone!

ALUMNI RUBY FIELDS TALKS APPRENTICE ROLE FOR LOCAL MP

Ruby Field came in to deliver assembly to the Year 13 students to recruit a new Apprentice Case worker for Dame Andrea Leadsom MP. Ruby left MCS last year and secured the highly competitive placement with Andrea where she has been working as a case worker; dealing with the general public's concerns raised to their MP and visiting parliament.

She is going to university to study politics in September. Andrea is now looking for a new apprentice from our current year 13.

Watch Ruby tell you about her experience in the role and who should apply:

The Rt Hon. Dame Andrea Leadsom DBE MP Member of Parliament for South Northamptonshire Apprenticeship 2024/2025

Are you interested in Politics?

It's that time of year again when I start looking for my next apprentice to join my busy constituency team. I've been exceptionally lucky to have had ten fantastic local school leavers in the role since I started the scheme when I became the MP for South Northants, and they have all gone on to further study or into full-time employment within politics.

The role is full time, salaried and lasts for 13 months from the beginning of August. As an integral part of Team Leadsom, my Apprentice Caseworker is responsible for engaging with constituents and dealing with some of the correspondence I receive each day, as well as supporting the wider team in ad hoc projects. The successful applicant will be based in my Towcester office, with regular opportunities to work in Westminster and to get fully involved in all aspects of parliamentary life.

To apply to be my 2024/2025 Apprentice Caseworker please send me your CV, cover letter and a 1-page researched essay on what you think are the three key challenges for South Northamptonshire and how you might tackle them. The deadline for applications is 15th April. Please email me at andrea.leadsom.mp@parliament.uk or write to me at my constituency office address – 1 Victoria House, 138 Watling Street, Towcester NN12 6BT.
